Dometic MWO24 24V Microwave

Product Notes

Features

Stress-Free Meals

Trucking cargo usually means not arriving in time to prepare, or being at the right place to buy, a wholesome meal. However, when you have the Dometic MWO 24 microwave built into your cab, you can always enjoy the pleasure of tasty, hot and healthy food on the road. With three cooking levels and a defrost function, it offers all the essentials you need from a microwave. It's fantastically convenient, with an integrated, easy-to-clean ceramic plate and user-friendly controls. An LED light allows users to easily check on the microwave's contents, while its robust construction is also designed to neatly fit truck cabin compartments. Did we mention it's easy to install? Everything about this microwave is stress-free.

...And More

- User-friendly microwave with intuitive design
- Easy to clean, integrated ceramic plate
- Robust design for the road and with convenient features to make truckers' lives easier
- Approved by leading truck manufacturers
- LED illuminated cavity
- Includes two fixing brackets

Take the Work Out Of Dinner Time

From installation, to cooking and cleaning – this microwave is easy! With a durable construction for life on the road and convenient features to make meal times easier. The Dometic MWO 24 microwave oven has three cooking levels and a defrost function – everything you need for a truck kitchen! It is easy to use and just as simple to clean, thanks to a firmly integrated ceramic plate

Dometic MWO24 24V Microwave

instead of the usual turntable. The light, trapezoidal shape is designed to fit perfectly in a truck cab, fitting snugly into many storage compartments. Installation is a simple task too, with its fixing base ensuring a firm hold. The MWO 24 comes with an integrated 24V supply, so there's no need for an extra inverter. A hot dinner doesn't need to be hard work!
